Capacity building Training Programme for GKS office bearers & GP Sarpanch.

Capacity building training programme for GKS & GP Sarpanch was organized in order to effective GKS, GSS activity implementation and develop better inter-sectoral convergence with line department. Again, 40% low performing GPs and 20 % best performing GPs based on the performance have been included as part of Capacity building training programme of GKS. All GKS of the 3600 GPs have been covered under the capacity building training programme of GKS to illustrate expediting of untied fund expenditure and streamline GKS/GSS activity implementation. Subsequently more GKS & GP have been involved in the process to become eligible for getting Sustha Gaon & Susta Panchayat Puraskar.

**GP level Meeting for better Inter-sectoral convergence:**

In order to develop better inter-sectoral convergence of health related activities with PR system, health was included in the agenda of the GP level meeting. The meeting is being organized under the chairpersonship of GP Sarpanch and GP Swasthya Kantha is also being prepared out of GP fund with the personal effort of GP Sarpanch. GKS SSP is also being consolidated at the GP level meeting and the findings of the same are placed to Block Health Mission meeting in 13 GSS districts. Around 80% GP level meetings have been organized.

**Sector level Mini Convention- effective functioning of GKS & streamline GKS & GSS activity implementation:**

Sector level mini conventions have been organized in order to sensitize GKS office bearers, GP Sarpanch and other field functionaries of the line departments etc. on the effective GKS activity implementation, sharing of experiences on best practices. This forum has created an opportunity to illustrate and acknowledge for better inter-sectoral convergence with line department and major health issues have also been addressed. The achievement of the sector level mini conventions is 90%.

**Sustha Gaon & Sustha Panchayat Puraskar to best performing GKS & GP:**

Sustha Gaon & Sustha Panchayat Puraskar is being given to GKS & GP respectively seems to acknowledge the effort of GKS & GP to achieve certain indicators relating to health & other social determinants of health in their respective village & GP. Further it encourages and motivates other GKS & GP to put similar effort to achieve Sustha Gaon & Susta Panchayat Puraskar. Total no. of 180 GKS & 70 GP have been awarded Sustha Gaon & Sustha panchayat Puraskar respectively.
Some more Major achievements:

- 6587 people have been referred to the nearest health institution for their treatment by the initiation of GKS and most of them belong to the category of very old age people, orphans, destitutes etc.
- In order to ensure safe drinking water at the community level, GKS facilitated for repairing 56278 number of tube wells with the support of SEM and around 34596 surface area of tube wells were repaired and renovated.
- 19500 no. of waste disposal dustbins have been placed at Villages level in order to maintain proper cleanliness in the village. This activity is carried out by the combined effort of community members.
- GKS members have been involved and facilitated in village contact drives and mass cleanliness drive which have been organized in more than 42000 villages for prevention and management of Malaria, Dengue and Diarrhoea.
- 35000 GKS have observed important health days and organized mass rally to create awareness among the community towards better health care. The School children & other community members participated in the mass rally.
- GKS have made wall painting of the important telephone numbers in the prominent places of the village for wide publicity and public information.
- More than 28000 GKS conducted Jalachatra at the GKS level for providing safe drinking water to the common people during summer.
- Sensitization meeting major on health related issues was organized at GKS level to create awareness among the community for accessing better health care services.
- In order to develop better inter-sectoral convergence of health related activities with PR system, GP Sarpanch of the respective Panchayats have mobilized funds for painting of GP Swasthya Kantha in Panchayat office/any prominent places of the GP. Total number of 2500 GP Swasthya Kantha have already been prepared at GP level.
