Sub: Approval of NHM District / City Program Implementation Plan (PIP) for the Financial Year (FY) 2024-25 & FY 2025-26 – Reg.

Madam / Sir,

The Program Implementation Plan (PIP) for the FY 2024-25 & FY 2025-26 has been approved by Government of India. The approval includes workplan and budget for two years and brief description on implementation modalities of each activity. The abstract of District/ City wise approved NHM PIP Budget 2024-26 is attached herewith at Annexure-1 for information & necessary action.

It is evident that a rigorous monitoring system with mechanisms to handhold the peripheral health functionaries & Programme Officers would go a long way in improving the quality of health delivery system. The approved activities shall be implemented, strictly following the Terms & Conditions detailed out at Annexure-2.

I look forward to work with you all and achieve the set targets under Key Deliverables (Annexure-3) and Key conditionalities (Annexure-4) set by GoI for our State within the given timeframe.

Enclosure: Soft Copy of District / City / Other Agency wise PIP for FY 2024-26 to be shared via email.

Yours faithfully,

Mission Director,
NHM, Odisha.

NHM PIP 2024-26: Terms & Conditions

• **Financial Modalities:**

- o All unspent balance available under NHM with the State as on 1st April 2024, has become a part of the Resource Envelope of FY 2024-25. Similarly, all the unspent balance available as on 1st April 2025, would become a part of the Resource Envelope for FY 2025-26. If required, a mid-term review at the end of FY 2024-25 would be carried out, either at the request of the Ministry or the State/ District concerned, to provide course correction in case of shifting of priorities.
- o The State/ Districts must ensure that there is no duplication or overlap between various sources of funds including the recently approved FC-XV Health Grants support and PM-ABHIM for the similar activities.
- o Any reallocation to be conducted by State is to be approved by the Executive Committee and the Governing body of the State Health Society. Maximum budget available for States to reallocate fund is 10% of the total approved budget for that program/activity. **Districts are not allowed to undertake any reallocation of NHM funds.** State must intimate FMG, MoHFW regarding reallocation of fund on quarterly basis along with the 'Financial Management Reports' in the following format:

FMR	Budget Head	Total amount approved in FY 2024-25/ 2025-26	Fund allocated from Budget Head/ FMR	Fund allocated to Budget Head/ FMR	Quantity & unit cost approved in PIP for undertaking the activity	Number of quantities increased	Remarks

o **JSSK, JSY, NPY and other entitlement scheme**

- The State/ Districts must provide all the entitlement schemes mandatorily. No beneficiary should be denied any entitlement because of any limitations of approved amount for such entitled bases schemes. Wherever required, the State must suitably increase the provision in such FMR. The ceiling of 10% shall not be applicable in such cases.
- The State/ Districts to ensure that JSY and NPY payments are made through Direct Benefit Transfer (DBT) mechanism through 'Aadhaar' enabled payment system or through NEFT under Core Banking Solution.
- o The State / Districts must ensure due diligence in expenditure and observe, in letter and spirit, all rules, regulations, and procedures to maintain financial discipline and integrity particularly with regard to procurement; competitive bidding must be ensured, and only need-based procurement should take place as per ROP approvals.
- o The unit cost/ rate wherever approved for all activities including procurement, printing, etc. are only indicative for the purpose of estimation. However, actuals are subject to transparent and open bidding process as per the relevant and extant purchase rules and up to the limit of unit cost approved.
- o As per the Mission Steering Group (MSG) meeting decision, only up to 9% of the total Annual State Work Plan for that year could be budgeted for program management and M&E. The States/ Districts will have to ensure that overall

- expenditure under programme management and M&E do not exceed the limit of 9% as mandated by MSG.
- o The accounts of State/ Districts / Grantee institution/ Organization shall be open to inspection by the sanctioning authority and audit by the Comptroller & Auditor General of India under the provisions of CAG (DPC) Act 1971 and internal audit by Principal Accounts Officer of the Ministry of Health & Family Welfare.
 - **Conditionalities for Fund release:**
 - o **Release of First tranche of funds:**
 - State/ Districts should not have more than 25% of the total release (Central+State Share) as unspent amount.
 - State/ Districts should have completed all the tasks related to SNA and implementing Agencies mapping.
 - State/ Districts should have deposited all the previous central share and corresponding State share in the SNA
 - Interest earned on NRHM and NUHM for central share must be remitted to the consolidated funds of India.
 - o **Release of Subsequent tranche of funds:**
 - State must have spent at least 75% of the total release (Central +State Share).
 - State should have deposited all the previous central share and corresponding State share in the SNA
 - Interest earned on NRHM and NUHM for central share in previous quarters have been remitted to the consolidated funds of India.
 - Statutory audit report needs to be submitted by the states/UTs for release beyond 75% of central allocation
 - **Human Resource (HR):**
 - o NHM aims to strengthen health systems by supplementing and hence it should **not be used to substitute regular HRH.**
 - o The remuneration proposed in the PIP is indicative and given for the purpose of estimation. However, the actual remuneration shall be paid to the Staff as per the exclusive communication from HR Cell (SPMU) with due approval of Mission Director, NHM.
 - **Infrastructure:**
 - o The approval for new infrastructure is subject to the condition that the State/ Districts will use energy efficient lighting and other appliances.
 - o The States/ Districts should submit Non-Duplication Certificate in prescribed format.
 - o The States/ Districts should review quarterly performance of physical & financial progress of each project and share the progress report with State /MoHFW.
 - o Third party monitoring of civil works and certification of their completion through reputed institutions may be introduced to ensure quality. Also, Information on all ongoing works should be displayed on the NHM website and PMS portal.
 - **Equipment:** The State/ Districts should submit Non-Duplication Certificate in prescribed format.

- **IT Solutions:** All IT solutions being implemented by the State/ Districts must be EHR compliant. In cases where there is Central Software and the State is not using it, the State/ Districts must provide APIs of its State Software for accessing/viewing data necessary for monitoring.
- The activity approvals under NHM for FY 2024-25 and FY 2025-26 are to be reflected in NHM-PMS portal. State/ Districts to ensure that the valid data entries are made in the portal and it will be analysed for progress under NHM along with key deliverables.
- **Statutory Meetings:** The State to ensure regular meetings of State and District Health Missions/ Societies. The performance of SHS/DHS along with financials and audit report must be tabled in Governing Body meetings as well as State Health Mission and District Health Mission meetings.
- **Mandatory Disclosures:** The State / Districts must ensure mandatory disclosures on the State NHM website of all publicly relevant information as per previous directions of CIC and letters from MoHFW.
- **Resources Envelope and approvals:** **Approvals over and above the Resource Envelope** is accorded with the condition that there would be no increase in Resource Envelope and the State / Districts will have to prioritize and undertake the approved activities under existing RE.
- **Implementation Framework:**
 - o All approvals are subject to the Framework for Implementation of NHM and Guidelines issued from time to time and the observations made in this document.
 - o The major outputs agreed by the State in the form of **key deliverables** have been placed at **Annexure-2**. The Districts/ Cities have to ensure full compliance to the target assigned for each indicator.
 - o The **Conditionalities Framework** for FY **2024-25** and FY **2025-26** is attached herewith as **Annexure-3**. It is to be noted that Full Immunization Coverage (FIC)% will be treated as the screening criteria and Conditionalities would be assessed for only those State which will achieve 85% Full Immunization Coverage. The Districts/ Cities have to give priority focus to achieve conditionalities set by GoI, in order to earn incentives.

23.8	One day State level training of newborn amabassadors on tracking of high risk newborns	Per batch	71000	0.71	0	-	0	0.00	New Activity: Background: Odisha has the 2nd highest NMR in the country, with 75% of newborns dying within 7 days of birth. Therefore, it is imperative to identify the high risk newborns early (through HBNC) and follow up the high risk cases at least till 1 month, to ensure their survival. Intensive tracking & follow up would help in reducing the neonatal mortality in the State. Progress: Based on the recommendations of an expert committee for reduction of neonatal mortality, the State has initiated the process of identifying one nursing officer in each headquarter CHC level for telephonic follow up of high risk newborns, who are termed as 'newborn ambassadors'. An SOP has also been developed for the same. These identified ambassadors will be trained and will be provided a CUG for undertaking the activity.
23.9	State level orientation on HBNC-HBYC web portal	per batch	83000	0.83	0	-	0	0.00	New Activity Proposed as per Gol recommendation As per PIP orientation meeting, a web portal on HBNC-HBYC is to be launched. Therefore, an one day orientation of all State level stakeholders (all RMNCHA programme officers, data managers & consultants) is proposed on the same.
23.10	State level training of district participants on HBNC-HBYC web portal	per batch	71000	0.71	0	-	0	0.00	New Activity Proposed as per Gol recommendation One day State level training of district level participants (ADPHO-FW, DMRCH, DDM, AM CP, APM, CPM), Total participants = 30 x 5 + 7 CPM = 157, Batch size= 30; Proposed batches = 5

24.1.1	Equipment for new MNCU	Per unit	1305000	13.05	0	-	0	0.00	Background: MNCU is an additional unit of SNCU to accommodate stable SNCU babies along with their mothers, for observational care. The unit is to be located near the SNCU & PNC ward, so that mothers & newborns of both inborn & out born cases could stay in the MNCU. Progress: A MNCU is established adjoining each DHH level SNCU for step down care along with their mother. But in medical college hospitals, as SNCU is not a part of the NMC guidelines, a MNCU is required to accommodate stable newborns for observational/ step down care. Proposal: Therefore, it is proposed to establish three 20 bedded MNCUs at SCB, MKCG & PRM MCH in the PNC ward during FY 24-25. Civil Cost @ Rs. 30.00 Lakhs

Progress: FBNC trainings were proposed for 146 persons during 2022-24. Of which 98 persons were trained in 2022-24. Proposal: To provide FBNC training to untrained MOs & NOs of 44 SNCUs. Participants: 2 NOs & 1 MO from each SNCU = 132; Proposal for 2024-26: 96 (32 MOs, 64 NOs), i.e. 48 in each year (16 MOs & 32 NOs); Proposal for 2024-26: 48 persons per year Unit cost for training includes photocopy of modules
24.3.5	2 weeks observer ship for facility based new-born care	6/ batch	2,10,000	2.10	0	0.00	0	0.00	Background: 2 weeks FBNC observership is to be provided to MOs & Nursing Officers of all SNCUs as per GoI guidelines. Progress: FBNC observership trainings were proposed for 12 batches during 2022-24. Of which all 12 completed in 2022-24. Cumulative load: 1008, Achievement till 2023-24 (till Q1):374; Remaining load:634 Proposal: 2 weeks observership of SNCU MOs & NOs will be conducted at SVPPGIP Cuttack, facilitated by 2 in-house RPs and 2 outhouse RPs from state level. Target for 2024-25: 2 batches & 2025-26: 3 Batches
24.3.6	Two weeks observership of NBSU staff in SNCU	4/ batch	72560	0.73	2	1.45	3	2.18	New Activity Background: Certain NBSUs in the State are sub-optimally utilized with low bed occupancy rate, resulting in overcrowding in the SNCUs. An interaction with the SNCU in terms of observership will be helpful in confidence building of NBSU staff, improving coordination between SNCU & NBSU staff and referral back from SNCUs. Progress: Currently, NBSU staff are provided with 3 days NBSU training, but due to lack of confidence the concerned staff hesitate to admit moderately sick children for treatment. Proposal: Therefore, it is proposed to conduct 2 weeks observership of NBSU staff in SNCU. In one batch 1 Nursing Officer from each NBSU in the district will attend observership in the concerned Dist. level SNCU. Total batches required - 02 batches to be suggested in 2 years
24.3.7	Trainings for 2 days State level Family participatory care (KMC)	24/Per Batch	110000	1.10	0	0.00	0	0.00	Ongoing Activity Background: FPC-KMC training is provided to all nursing officers working in KMC units. 24.3.9	One day refresher training for SNCU Mo I/c, SNs & DEO at State Level	30/ batch	90000	0.90	0	-	0	0.00	Ongoing Activity Background: Since SNCU is a critical care unit and the data is entered in a software by a dedicated DEO, who are mostly outsourced, it is important to train them from time to time on the software along with the SNCU team, i.e. MO i/c & NO i/c. Progress: Proposed during 2022-24, all batches completed. Proposal: To be organized at State level for refresher of all SNCU MO I/c., DEOs & Nursing Officers in charge on data entry process and data management Proposed for 2024-26: 5 batches @30/ batch per year
24.3.10	One day refresher training for NBSU Mo I/c, SNs & DEO at State Level	30/ batch	90000	0.90	0	-		0.00	Ongoing Activity Background: Since NBSUs cater to newborns who are vulnerable and the data is entered in a software by a dedicated DEO, it is important to train them from time to time on the software along with the NBSU team, i.e. MO i/c & NO i/c. Progress: Proposed during 2022-24, all batches completed. 25.1.1	Two days State level refresher on MPCDSR	30/Per batch	1,08,150	1.08	0	0.00		-	New Activity Background: The MPCDSR software was rolled out in 2022-23 for capturing all the maternal & child deaths at source, so that no deaths are missed and the reporting of maternal & child deaths improve. It is a newer software and trainings on the software were done in 2022-23, so refresher trainings on the same are required. Progress: Trainings were conducted in 2022-23. However, reporting in the MPCDSR software is only 21% of the actual reported deaths in the CDR reports of 2022-23. Proposal: Therefore, it is proposed to conduct a two days State level Refresher training of data handlers and programme officers/ managers on MPCDSR where one day is dedicated for MDR and one day for CDR Total requirement : 4 batches 3 batches for dist level participants (ADPHOFW, DMRCH & DDM) and on batch for MCH level participants (HoD O&G/ HoD Paed. and Hospital manager)

25.2.1	Brief investigation by ANM (all deaths)	Per case	100	0.00	639	0.64	639	0.64	Ongoing Activity Background: A set of incentives & honorariums are provisioned in the child death review guidelines for the different level of information & review. Progress: As per SRS , about 30380 U5 deaths are expected in the State, of which 60% has been set as target as key deliverables for 2024-25 i.e. 18228 & 80% for Fy 2025-26, i.e. 24,304. As per recommendation of NPCC budgeted for 11666 deaths which is 64% of target FY 2024-25 & 48% target for FY 2025-26 Budget revised as recommendation of NPCC.

25.2.2	Investigation by investigator teams (No of verbal autopsy to be done @ 6 cases per month)	Per case	500	0.01	486	2.43	486	2.43	Ongoing Activity Background: A set of incentives & honorariums are provisioned in the child death review guidelines for the different level of information & review. Progress: As per Gol guidelines, at least 6 cases per block per month are to be investigated in details and of all the reported cases, which accounts about 76% of cases investigated by ANM. As target for ANM has been revised as per recommendation of NPCC i.e. 11666, team investigation incentive is proposed for 76% of 11666 cases= 8880 Proposal: Honorarium for verbal autopsy Rs.300/- per team per case and Travel expenses Rs.200/- per team per case. Budget revised as recommendation of NPCC.
25.2.3	Support cost for family members to attend review meeting conducted by Collector	Per case	200	0.00	8	0.02	8	0.02	Ongoing Activity: Background: As per Gol guidelines, the district collector should review 2 sample cases each quarter in presence of the family members, for which a support cost of RS 200 is provisioned for 2 family members of the 2 cases. Progress: During 2022-24, budget was proposed for 2 cases per qtr per district, and the same is to be proposed during 2024-26. Proposal: Cases to be reviewed @2 cases per qtr per dist i.e. 2 X 4X 30= 240 cases, therefore budget proposed = 240 xRs200 =Rs48000/- per year
25.2.4	ASHA incentive for Child Death Review	Per Case	50	0.00	639	0.32	639	0.32	Ongoing Activity: Background: As per Gol guidelines, ASHAs are to report each U% death irrespective of place of death, for which an incentive of Rs50/- per case has been provisioned for ASHAs. Progress: As per SRS , about 30380 U5 deaths are expected in the State, of which 60% has been set as target as key deliverables for 2024-25 i.e. 18228 & 80% for Fy 2025-26, i.e. 24,304. 30.2	Transportation cost for HIV testing of Exposed Babies (Below 18 months)	Per Case	1,000	0.01	17	0.17	17	0.17	Ongoing Activity Transportation cost for HIV testing of Exposed Babies (Below 18 months) Justification Activity is proposed for testing HIV exposed children for HIV for at least 4 times during 2 years of age at ICTC at defined intervals. Expected exposed babies is estimated as 90% of identified HIV PW during 2022-24. A total of 684 PW were identified as HIV positive, so the estimated HIV exposed babies is estimated at 90% of 684 = 616 babies. It is thus proposed to provide transportation cost of Rs.1000/- per baby for HIV testing at ICTC at the age of 45 days , 6 month, 1 year and 18 month. As 108 ambulances are used only for transportation of critical cases and also it doesn't have a drop back service, it is proposed to give additional transportation cost to these babies for ensuring HIV testing. Budget: Rs1000 per baby x 616 exposed babies = Rs.6.16 Lakhs per annum

56.3	Baby friendly Hospital Initiative	Per institution	10000	0.10	0	-	0		Ongoing Activity Background: Baby-friendly Hospital Initiative serves as the standard for measuring adherence to each of the Ten Steps for Successful Breastfeeding and prohibits Marketing of Infant milk Substitutes. Promotion of optimal infant and young child feeding (IYCF) practices is an important intervention for preventing under nutrition in children and also improving child survival as well as development. Breastfeeding within an hour of birth could prevent 20 per cent of newborn Deaths and 13% of under five Deaths. Babies, who are exclusively breastfed in the first six months of age, are 11 times less likely to die from diarrhoea and 15 times less likely to die from pneumonia, which are the two leading causes of death in children under-five years of age. Progress: As 32 DHHs are covered under BFHI, it may be scaled up to SDH in 2024-25 and FRU in 2025-26 Proposed Target: 10 SDH will be awarded for BFHI in 2024-25 & 20 FRU will be awarded for BFHI in 2025-26 Budget Proposed: Award money @ Rs.10000/- per institution, which may be utilised to promote, protect and support breastfeeding. Batch size: 35, period - 1 day, district level training. Total Mos: 1858 MOs from 1412 PHC & UPHCs, 382 CHC & UCHCs, 32 SDH, 32 DHH (one from each facility) Unit cost approved as per societal norms.
63.1.2	Medical Officers of Medical Colleges	Per Batch	25000	0.25	0	0.00		0.00	Ongoing Activity Background IDSP paper-based weekly reporting is now migrated into real-time data entry in the IDSP-IHIP portal. The goal is to generate and take timely responses to unusual events. Current Status All DHHs, SDHs, CHCs, PHCs, & and SCs are mapped and reported in the IDSP-IHIP portal. However, mapping and data entry from the medical college is yet to be initiated, for which capturing real numbers of events is not possible. Proposal As the faculties of Medicine, Paediatric, Casualty MO, etc. are not being oriented in IDSP-IHIP reporting / other health programmes, so 1 batch of training at their respective MCH by Deptt. of Community Medicine is highly essential. 64.1.17	Chloroquine phosphate tablets	Per Unit	1	0.00001	0	0.00	0	0.00	Ongoing Activity: Background: Around 19% of the state total cases are Pv malaria, however the antimalarial like CQ has to be kept available at village level with ASHA to meet the requirement if any. Hence, at least 1 strip with each ASHA will prevent stock out condition. As such CQ has two years of shelf life, hence periodical monitoring will be done by the districts and CHCs to reshuffle the stock. Last Year Consumption: 198442 Tablets Budget Proposed for FY 2024-26: 1. Strip(10 tab/Strip) with each ASHA x 49990 ASHAs /FTD = 4,99,900 Tablets; 2. 64.1.18	Primaquine tablets 2.5 mg	Per Unit	0.9	0.000009	0	0.00	0	0.00	Ongoing Activity: Background: Around 89% of the state total cases are Pf malaria and the rest 11% of the cases are Pv malaria. Both the cases require primaquine for complete treatment. Further malaria cases of different age group require different strength of PQ(7.5 mg & 2.5 mg) as per national drug policy. To ensure that there is no stock out of PQ at village, the calculation is made for all 49990 ASHAs (both rural & urban) to ensure that each ASHA is having at least one strip of PQ with her at any point of time. As such PQ has two years of self life period before its expiry. Hence periodical monitoring will be done by the districts and CHCs to reshuffle the stock by taking back the unutilized PQ to make it available with ASHA/Village where it is required and will be utilized. Last Year Consumption: 616728 Tablets Budget Proposed for FY 2024-26: 1. 1 Strip(10 tab/Strip) with each ASHA x 49990 ASHAs /FTD = 499900 Tablets; 2. 64.2.1.1	Two days Refresher Training MOs/Specialists on VBDS	Per batch	165000	1.65	0	0.00	0	0.00	Ongoing Activity: Background: In context of malaria elimination, training of MOs/Specialists plays a vital role. During these two days of refresher training the newly recruited MOs will be trained on National drug policy for malaria & on other programme components of NVBDCP. Current Status: 175 no. of newly recruited MOs/Specialists have been trained at AIIMS BBSR, VIMSAR Burla & MKCG Berhampur Justification: As there is fresh recruitment of around 1200 MOs/Specialists, we need to train them on National Drug Policy for Malaria as the target of elimination is 2027. Budget Proposed for FY 2024-26: Proposed Load: 9 batches @25/ Batch

64.2.1.2	Two days Refresher Training of ADPHO(VBD) & VBDC on VBDs	30/ Per Batch	150000	1.5	0	0.00	0	0.00	Ongoing Activity: Background: In context of malaria elimination, the refresher training of ADPHO(VBD)s & VBDCs is essential as year wise the epidemiological situation of the districts changes with intensification of interventions. Accordingly, they need to be sensitized on the strategies of malaria elimination and also the different programme components as per the need of the programme. Current Status: Last year the training was conducted at AIPH BBSR with the support of WHO where only the VBDCs were trained. 30 no. of VBDCs were trained. Justification: Hence this year two batches of trainings are proposed to restrategise the methods of programe interventions as DDT is going to be phased out in 2024, LLIN is yet to come and there is still high transmission in few of the districts like Malkanagiri, Rayagada & Kalahandi. Budget Proposed for FY 2024-26: Proposed Load: 4 batches @30/ batch Proposed Budget: (@Rs. 150000/batch x 2 batch = Rs. 3.00 lakhs) per Year	
64.2.1.3	10 days Induction Training of LTs on Malaria Microscopy	Per Batch	400000	4	0	0.00	0	0.00	Ongoing Activity: Background: Microscopy is the gold standard to detect malaria. As odisha has shown a rapid decline in the current years, it is pertinent to go for microscopy of each and every positive case in context of malaria elimination. LT training is important in this context. Current Status: Last year we conducted 2 batches of induction training with 40 participants. Justification: There are around 550 newly recruited LTs being posted at various health institutions. Budget Proposed for FY 2024-26: Proposed Load: 8 batches @ 20/ batch Proposed Budget: (@Rs. 4,00,000/batch x 4 batches = Rs. 16.00 lakhs) per Year	
64.2.1.4	5 days Refresher Training of LTs on Malaria Microscopy.	Per Batch	250000	2.5	0	0.00		0.00	Ongoing Activity: Background: The refresher training is being organised for those LTs/SSMTCs who are showing discrepancies in malaria microscopy. To give them hand holding support on both microscopy and other components this training is necessary. Current Status: Last year we conducted 2 batches of refresher training with 40 participants. Justification: This process should continue to enhance the capacity of LTs who are showing discrepancy in malaria microscopy. Budget Proposed for FY 2024-25: Proposed Load: 2 batches @20/ batch Proposed Budget: (@Rs. 2,50,000/batch x 2 batches = Rs. 5.00 lakhs)

64.2.1.7	Two days Refresher Training VBDS on VBDs - GFATM	Per Batch	200000	2	0	0.00	0	0.00	Ongoing Activity: Budget proposed as per OSH&FW, Odisha norm Background: In context of malaria elimination, the refresher training of VBDSs is very important as very rapid epidemiological changes are observed over the years in CHCs and SCs. Accordingly, they need to be sensitized on the strategies of malaria elimination and also the different programme components as per the need of the programme. Along with programme components, they will also be sensitized on IHIP & LQAS. Current Status: Last year 97 number of VBDSs were trained on malaria & other VBDs with special reference to IHIP in 2 batches. Justification: As refresher training is a continuous process, this training should continue in order to enhance the capacity of the low performing VBDS to make their performance better. Budget Proposed for FY 2024-26: Proposed Load: 4 batches @25/ Batch per Year
64.2.1.8	Induction Training of VBDS on VBDs	Per Batch	400000	4	0	0.00		0.00	New Activity: Budget proposed as per OSH&FW, Odisha norm Background: This is the basic induction training programme for newly joined VBDS. During this training theory as well as field level /practical activities are also imparted to them. For the last five years, no induction training given to VBDSs although fresh VBDSs have joined. So there is need of induction training to the VBDSs who were not undergone induction training. In this training newly recruited VBDSs will be undergone training on epidemiological and entomological aspects of different VBDs including field exposure. Current Status: 25 VBDSs are untrained & needs induction training Budget Proposed for FY 2024-25: Proposed Load: 1 batch @ 25/ batch Proposed Budget: (@Rs. 400000/batch x 1 batch = Rs. 4.00 Lakhs)

64.2.1.9	Two days ToT of DDMs on recording & reporting of VBDs	30/ Per Batch	200000	2	0	0.00		0.00	Ongoing Activity: Background: In context of malaria elimination, the refresher training of DDMs has become essential to train them on newer data elements, their analysis, as per the changing epidemiology of the disease in districts and CHCs. They will also be sensitized on report return mechanism, IHIP and various data analyses for all VBDs. Current Status: Last year 25 DEOs were trained Justification: There is no dedicated DEO of NVBDCP, there need to be continuous training to make the DEOs efficient for NVBDCP data entry as it needs minimum knowledge of epidemiological indicators & parameters. The DDMs will be the master trainers at district level and will train the BDMs/DEOs/MRAs about the epidemiological indicators & parameters along with IHIP module for the smooth, accurate and continuous reporting. Budget Proposed for FY 2024-25: Proposed Load: 1 batch @30/ batch Proposed Budget: (@Rs.2,00,000/batch x1 batch = Rs. 2,00,000)
64.2.1.10	Two days Review cum orientation of SSMTCs on VBDs	45/ Per Batch	200000	2	0	0.00	0	0.00	Ongoing Activity: Background: The refresher training of SSMTCs is an essential activity as there are rapid changes in the epidemiological scenario of the districts. Apart from laboratory training, they need to be sensitized on the strategies of malaria elimination, the different programme components, microscopic data analysis, report return as per the need of the programme. They will also be reviewed and sensitized on how to use sentinel site data in identifying outbreak signals, preventing outbreaks & to analyze the efficacy of current anti malarial drugs. Current Status: Last year 75 participants were trained Budget Proposed for FY 2024-26: Proposed Load: 4 batches @45/ batch Proposed Budget: (@Rs.2,00,000/batch x2 batches = Rs. 4.00 lakhs) per Year
64.2.1.11	Two days Review cum Orientation of FLAs	30/ Per Batch	150000	1.5	0	0.00	0	0.00	Ongoing Activity: Background: The refresher training of FLAs is an ongoing activity in which they are sensitized on PIP, different financial and logistic components of the programme. This year they will be reviewed and sensitized on procurement (GEM portal), PFMS (through online system) and SNA concept. Current Status: Last year 24 participants were trained Budget Proposed for FY 2024-26: Proposed Load: 2 batches @30/ batch Proposed Budget: (@Rs.1,50,000/batch x1 batch = Rs. 1.50 Lakhs) per Year

64.2.1.12	Training of Epidemiologists on VBDs	30/Per Batch	200000	2	0	0.00	0	0.00	New Activity: Background: Epidemiologists are one of the technical person under public health programme can bring dynamism to the malaria programme if trained. By looking at malaria as a disease, epidemiologists are better equipped to assess the short- and long-term impacts of various control strategies, including anti0 Vector measures (e.g., insecticide-treated bed nets/LLIN) Current Status: All Districts have Epidemiologists & not trained on VBDs Budget Proposed for FY 2024-26: Rs.200000/batch x 1 Batch = Rs.2.00 Lakhs per Year
64.2.1.13	Training of Microbiologists(ToT) on lab diagnosis of VBDs	20/Per Batch	200000	2	0	0.00		0.00	New Activity: Background: Microbiologists are engaged at DPHL and supervise the lab. diagnosis. They were provided with induction training by SIH&FW and VBD one of the topic, but that is not sufficient in the context malaria and filaria elimination and prevention and control of other VBDs. There is high need of orientation of newly joined MOS on VBDs. It is to be organised at the district level. Budget Proposed for FY 2024-26: Budget Proposed: Rs.30000/batch
64.2.2.9	LQAS Related cost	Per Block	2000	0.02	12		12		Revised as per recommendation of NPCC Ongoing activity : Background: State has a sanction of 180 VBDS for 314 Blocks. Hence one VBDS is assigned with >1 Block. Low endemic coastal districts have only one VBDSs to work for multiple Blocks (even more than 5) of the districts. Sanction of funds for LQAS per VBDS will be inadequate to conduct LQAS in multiple Blocks. Hence sanction may be given per Block instead of per VBDS. Funds for LQAS (for printing of formats etc) for 30 MTS/VBDS of 314 Blocks @ Rs. 1000/- per block x twice a year Budget Proposed for FY 2024-26: Rs. 2000 per block x 314 Blocks = Rs.6.28 Lakhs per Year (Budget @ Rs. 4.16 Lakhs for 208 blocks has been shifted from the head SI 64.7.7.6 ("Travel related Cost (TRC) - GFATM) as per Gol recommendation Budget Shifted to HSS-11 SI No. 194

Background: This year it is proposed that the activity will be up-scaled in terms of number in the exiting CHCs and also to new Districts i.e. Malkangiri and Koraput. The rationale of inclusion of Koraput and Malkangiri is that of Malaria No More(MNM), who is working in these districts has give notice to withdraw their operation w.e.f. 1st October 2023. In Malkangiri, it is proposed to cover all 7 CHCs as the district is having highest malaria burden in the State. In Koraput, it is proposed to include four CHCs having high malaria burden. This year it is proposed in 20 high malaria burden CHCs having remote and inaccessible areas (Chandrapur & Gudari of Rayagda, Biswanathpur, TH. Rampur and Borda of Kalahandi, Patrapur of Ganjam, Subarnagiri, Phiringia & Tumudibandha of Kandhamal, Bandhugaon, Narayanpatna, Pottangi & Boipariguda of Koraput and all 7 seven blocks of Malkangiri). Total 15 no. of FTDs will be proposed in each CHCs. Budget Proposed for FY 2024-26: Estimated Budget per CHC: 1. Signboard for FTD @Rs.100/- per signboard x 15 nos = Rs.1500/- 2. Incentive for FTD @Rs.500/- p.m. per FTD x 12 months x 15 nos = Rs.90,000/- (Deliverable - EDCT, timely referral of complicated cases) 3. Printing of Registers @Rs.200/- per register x 15 nos = Rs.3000/- 4. Conveyance Charge to FTD for attending monthly sector meeting @Rs.100/- p.m. per FTD x 12 months x 15 nos = Rs.18,000/- 5. Contingency & coordination cost @Rs.10000/- per CHC = Rs.10,000/- 6. Engagement of Project Coordinator @Rs. 10000/person x 1 persons per CHC/NGO x 12 months = Rs. 1,20,000/- 7. Community Sensitisation Programme @Rs. 250/village x 15 villages/CHC x 12 months= Rs. 45,000/- Total budget: Rs.2,87,500/- per CHC x 20 CHCs= Rs. 57.50 Lakhs per Year Fund Proposed under Innovation FMR NDCP-8, SI.No. 86 Detail proposal is placed at NVBDCP write-up Annexure- 3 "Alternate FTD"

66.12.4	Printing								
66.12.4.1	Any other (please specify)	Lumpsum	2000	0.02		-	1		Ongoing Activity: 1. Printing of AES case register As per national guideline JE/AES NVBDCP GoI, all AES case must be reported under AES surveillance in the state. It is revealed that AES cases are not either recorded and/or reported from DHHs/MCHs with maintenance of date/area wise AES cases which could help the periodical screening of JE cases. Non availability of these data does not give any guidance to state to know the actual disease burden. Hence Printing of AES case register is required to maintain in the pediatric and medicine ward of each DHHs, SDHs & MCHs of the state. Proposal for FY 2025-26: AES Case Register((@Rs. 200/Register) Budget Breakup: a. Rs. 200/Register * 5 Registers/MCH * 7 MCHs = Rs. 7000 b. Rs. 200/Register * 3 Registers/DHH * 37 DHHs = Rs. 22200 c. Rs. 200/Register * 2 Registers/SDH * 33 SDHs = Rs. 13200 Budget Proposed: Rs. 42,400 Budget Shifted to HSS-11 SI No 194

67.1	Dengue & Chikungunya: Case management	Lumpsum	12000	0.12	1	0.12	1	0.12	Ongoing Activity: Background: Efficient case management requires proper and timely diagnosis. For dengue and Chikungunya, ELISA based diagnosis is the confirmatory method of diagnosis. This facility is available at 38 sentinel sites confined to DHHs, MCHs and RMRC. It is therefore necessary to send blood serum samples of suspected dengue/chk cases to the sentinel site laboratory. Proposal for FY 2024-26: 1. Serum transportation: Dengue has become perennial public health problem in Odisha. Dengue upsurges and outbreaks are reported from various parts of the state frequently last 5 years. It is an unpredictable disease in the state and having reported from various eco geographical settings and previously considered low risk areas. Prevention and control of dengue / chikungunya is possible only through timely diagnosis followed by control measures. Under such circumstances to ensure the timely diagnosis of suspected dengue/ chikungunya cases to the nearest SSL serum transportation cost is proposed. cost is proposed which is to be kept at district level, to be given to the serum transporter for ta/da etc. @ Rs. 1000/- per block x 314 blocks= Rs. 3.14 Lakhs proposed per Year 2. Case Management: Training on Clinical Management of dengue and chikungunya has been proposed under Management of DF/DHF/DSS for Dengue, Chikungunya(Medicine & Pediatric Specialist)

The MSG has recommend to keep additional HR at district, Block, Panchayat and Village level. But, in our state we had provisioned the addl. HR manpower in big districts and Panchayat level . in 2024-25 and 2025-26, it is proposed to keep the addl HR manpower at the district level in 4 big districts i.e. Ganjam, Mayurbhanja, Cuttack and Sundargarh. For two panchayat, it is being proposed to keep one social mobilize. Further, it proposed to extend the provision to the municipal corporation level as there are issues of drug consumption due to lack of social mobilization. It is proposed to keep one person for every two wards. Budget revised @ Rs. 13.95 Lakhs per districts x for 19 districts in 2024-25 & for 18 districts in 2025-26 as per recommendation of NPCC. N.B. Even after multiple rounds of MDA desired output has not achieved due to this sole reason. Under such circumstances alternative ways to spread the message on prevention of filariasis and morbidity management is the need of the hour. Lymphatic filariasis is detected from all 30 districts of the state. Lack of awareness towards the severity of LF and treatment methods are also prime reasons for ignorance of community towards health care. Under such circumstances activity is proposed in all blocks of 30 districts, UPHCs, NACs, Municipalities, Municipal Corporation. This has been proposed as per the revised guidelines of GoI regarding new implementation units(IUs). One of the ways to decrease G2D is early diagnosis of cases and complete treatment so that deformity can be prevented. A focused mop up for cases can be done in areas where G2D cases or child case are reported to find out any missing cases and break the transmission. To achieve the target, Mop up screening round will be conducted in the village population and slum/ peri urban areas where G2D cases are detected and any child case detected. Proposal: There are 195 G2D cases and 382 (5.3% of total new cases) child detected in our state in the year 2022-23. Approximately 577 (195+382) villages will be covered in the mop up round Budget proposed for FY 2024-26 i. Incentive to ASHA/FLW@ Rs 700/- per case ii. 69.1.3	Suspects examination by MO after Campaign	lumpsum	90400	0.904	2	1.81	2	1.81	Budget Shifted from NDCP-8, Implementation State Specific Initiatives & Innovation SL No. 86.3 as per recommendation of NPCC New Activity: Background: Under Nation Leprosy Eradication Program (NLEP), national and state government has taken steps for early detection of cases by regular leprosy surveillance and campaign mode leprosy case detection. We have case confirmation rate between 4-5% among suspects found by field level workers, Suspects are being lost to follow up due to lack of proper post -campaign tracking, fear factor and inconvenient travel to long distance hospitals. To overcome these operational hindrances during Leprosy Case Detection Campaign, it is proposed to support case confirmation drive at nearest health facility level where a NLEP trained MO is there. This will be apart from district level officials visit during case detection drive. Proposal: For high endemic Blocks: 1. Incentive to ASHA for bring the suspects to nearest PHC/CHC for confirmation by MO: Rs 200/- per ASHA x 19200 ASHA (80% of 24000 ASHA) 2. 73.13	Vehicle Allowance	Per Annum/ Per person	12000	0.12	13		13		Ongoing Activity Proposal as per Gol norms: 2 wheeler for STS/ STLS/ Dist. PMDT & TBHIV Coordinator/ PPM Coordinator Providing Vehicle Allowance to Staff : Plan is to provide Rs.1000/- PM as vehicle allowances to concerned staff if s/he is using its own vehicle for field monitoring for recommended no of days as per the ToR and submit filed visit report to all concerned as per guidelines. This will be exclusive of POL cost claimed for field visits as per Society norms. Justification for arriving the cost norms for vehicle allowance: A new vehicle (Two Wheeler) is costing about Rs.70,000/- inclusive of all taxes etc. The age of vehicle for use is about 6 years as per Gol guidelines. So annual expenditure on the head is about Rs.12,000/- (Rs.70,000/ 6=11,666). Hence, as per the calculation, Rs.1000/- can be given spent on the head. Coverage: The provision will be applicable for those 293 Staff who has no vehicle / vehicle attained the age for condemnation. The same provision will be extended to others gradually. Budget: @Rs.1000/- per month per person X 12 months Budget Shifted to HSS-11 SL No 194 Details at NTEP Write-up Annexure 9 - Vehicle allowance District wise Requirement

77.9	Laboratory Materials and Consumables for IRLs, CDST & Molecular Diagnostics					0.42		0.42	Lab consumables for the State IRL (21 districts tagged) & NRL (10 districts tagged)
77.9.1	For LC and LC-DST tests	Lumpsum	14610840	146.11	0	0.00	0	0.00	Ongoing Activity Background: Indicative cost of Lab consumables required for 1000 number of LC and LC-DST tests (excluding GST) is Rs 6,41,974. LC and LC DST ideally to be done for all RR MTB cases, H monopoly cases and Follow up cases of all DRTB cases. Considering scenario of only 21% interim FU and 31% final FU , it is proposed to do 50% FU by LC of all DRTB cases i.e at least 3 FUs of all DRTB cases. Total C&DST conducted in IRL and NRL in 2021 is around 7000.Expecting 20% more tests during 2022, total C&DST to be conducted in 2022 is 8400. Expected cost of Lab consumables required for 8400 number of LC and LC-DST tests is 8.4 x Rs.6,41,974= 53,92,582. Considering 5% GST and 5% inflation rate, total amount is 5392582 + 5% of 5392582 + 5% of 5392582 = Rs 59,31,840 (Say Rs. 59.32 Lakhs) Lab Consumables requirement Non proprietary items for CDST & LPA = Rs.86.79 Lakhs Total Budget requirement = Rs. 59.32 Lakhs + Rs.86.79 Lakhs =Rs.146.11 Lakhs Budget Proposed for 2024-26 :Rs. Rs.36.53 lakhs per year (25% of total budget requirement)

77.9.2	For LPA tests	Lumpsum	6780334	67.80	0	0.00	0	0.00	Ongoing Activity Background: Indicative cost of Lab consumables required for 1000 number of LPA tests (excluding GST) = Rs 3,08,197 LPA ideally to be done for all MTB detected in NAAT (both R sensitive and R resistant cases) and S LPA for all H monopoly cases. On an average 30,000 to 33,000 cases to be tested for LPA annually (Calculated based on data from CBNAAT Lab indicator report, Quarterly PMDT reporting Google spreadsheet and microbiologically confirmed cases from Nikshay). Around 50% RS MTB cases are sent for F LPA, 92% RR MTB cases are sent for S LPA and 73% of H monopoly cases are sent for S LPA. Considering only 2 C&DST Labs presently doing LPA (IRL Cuttack & NRL BBSR) and LPA conducted around 15,100 per annum in 2021 (around 46% of total load). It is proposed to do 60% LPA during this FY – for approx. 20,000 samples (60% of 33,000 =19800) Expected indicative cost of Lab consumables required for 20,000 number of LPA tests excluding GST = Rs 20 x 3,08,197 = Rs 61,63,940 (GST @5% of 61,63,940 = Rs 3,08,197 + Inflation@ 5% = Rs 3,08,197) Total Budget requirement = Rs 67,80,334 (Say Rs. 67.80 Lakhs) Funds to be kept at State Level Budget Proposed for 2024-26 : Rs. 16.95 Lakhs per year (25% of total budget requirement)

110.4.4	Three months ICU case management training of Medical officer	Per Batch	3175000	31.75	0	0.00	0		Ongoing Activity: Back Ground : Critical care Case Management is essential for treatment of Critical cases, at the earliest. It is the mandate of the State government to establish ICUs/CCUs in all DHHs of the State, RGH Rourkela and Capital Hospital Bhubaneswar. They have already been established in 17 DHH and Capital Hospital, Bhubaneswar. Trained manpower is required for smooth functioning of the ICUs. Over the years, 155 numbers of Medical Officers and Paramedical staff have undergone ICU training. However, due to high levels of attrition and establishment of new ICUs, three months training on Critical care case management is an on-going process and 56 numbers of Medical Officers and Nursing staff have undergone training during 2022-24. Proposal: Further training is required to operationalize the newly established ICUs to deal with critical cases of cardiovascular diseases and Stroke. CBAC forms were previously being filled up by ASHAs for the population above 30 years of age, to screen for common NCDs, as per GoI guidelines. Currently CBAC forms have been revised to include other diseases like TB, Leprosy visual defects and Mental Health . Many of these ailments effort persons of age groups below 30 years of age. Any suspected detected from the CBAC forms are referred to higher centres for early diagnosis and treatment. Keeping in view the above and GoI guidelines for enrolment of the total population of all age, the revised CBAC forms are now being filled for the total population of the State. From 2021-22, districts have already started using the revised CBAC forms. Hence during 2024-25, printing of 3.76 crore CBAC forms is proposed to cover the total population.(80% proposed excluding 20% migration & other reasons) The same number is proposed for printing in 2025-2026 Budgeted 80%

For capturing above data NCD screening register is highly required for following reasons 1. It is the mandate of GoI to maintain register. 2. For line listing & follow up of the patients up to down the line. 3. Periodic Distribution of medicine/drugs under free drugs distribution of Diabetes and HTN drugs. 4. Proper &correct monthly reporting. 5. Proper Supervision & Monitoring of common NCDs.ASHA of respective village will monitor periodically at least twice a year. In this context state also providing incentive to ASHA in a package manner. 6. Validation of NCD reportings.The MO portal entry is in initial stage so it is essential to capture the data in black and white. 7. In the year 2016-17 NCD screening register have supplied partially but now Odisha is targeting 100% of PBS

As per state Govt Decision different categories of contractual paramedics engaged under NHM like SN, ANM, LT, Pharmacists, Radiographer, MPW(M) etc. working at facility level only are being inducted to Govt. regular system. The base remuneration approved under HHM PIP against such staff shall be transferred to the state treasury till continuation of NHM. Additional amount towards salary as per regular cader norm shall be paid by state Govt. About 5000 out of 10000 paramedics sanctioned under NHM have been inducted to Govt system. Accordingly the base remuneration have been proposed as they will not receive Performance incentive in the regular system. However, in case any staff is not able to be inducted to the regular system due to any reason, they will continue with NHM as per the NHM remuneration structure.

As per state Govt Decision different categories of contractual paramedics engaged under NHM like SN, ANM, LT, Pharmacists, Radiographer, MPW(M) etc. working at facility level only are being inducted to Govt. regular system. The base remuneration approved under HHM PIP against such staff shall be transferred to the state treasury till continuation of NHM. Additional amount towards salary as per regular cader norm shall be paid by state Govt. About 5000 out of 10000 paramedics sanctioned under NHM have been inducted to Govt system. Accordingly the base remuneration have been proposed as they will not receive Performance incentive in the regular system. However, in case any staff is not able to be inducted to the regular system due to any reason, they will continue with NHM as per the NHM remuneration structure.

4	Mayurbhanj	Rairangpur	Rairangpur	Yes	136	100(additional)	5240	1572	1572	Letter from NHSRC along with detailed assessment report attached at Annexure in Civil folder. This is an existing SDH. It has about 29000 Sq.ft., built up area (which is about 75% less than the Model IPHS SDH Plan). Further, about 20% of the building is having Asbestos roof. The existing building is about 25 years old & needs major repair. It has also reported good footfall in OPD & IPD. Further, State Govt. has decided to expand the Bed strength of SDH to 236 beds (Currently 136 Beds). Hence, New SDH building of 100 bedded is proposed.
5	Sambalpur	Kuchinda	Kuchinda	Yes	45	100	5240	1572	1572	This is an existing SDH. It has about 20000 Sq.ft., built up area (which is about 83% less than the Model IPHS SDH Plan). Further, about 30% of the building is having Asbestos roof. The existing building is about 25 years old & needs major repair. It has also reported good footfall in OPD & IPD. Further, State Govt. has decided to expand the Bed strength of SDH to 100 beds (Currently 45 Beds). Hence, New SDH building is proposed.

188.4	Incentive/honorarium for Yoga instructor	Per HWC	60000	0.60	0	0.00	0	0.00	Revised as per NPCC Recommendation Budget Shifted to HSS-1_CPHC, Sl.No. 151 Background: This is an ongoing activity as per CPHC mandate. Budget is proposed based on increase in number of operational HWCs. Unit cost remains same. Considering the constarints of availability of trained Yoga teacher 50% of the total budget is proposed. As per Gol conditionality framework upto 10 Yoga sessions in a month will be conducted by a trained Yoga Teacher. Incentive/honorarium for Yoga instructor: @Rs.600 per yoga session For FY 2024-25 Total HWCs - 6020 SHC HWCs +1296 PHC HWCs = 7316 HWCs Budget FY 2024-25: 500 x 10 x 7316x 12 months = Rs.4389.6 lakhs Budget Proposed-50% of total cost- Rs.2194.80 lakhs For FY 2025-26 Total HWCs - 6688 SHC HWCs +1296 PHC HWCs = 7984 HWCs Budget FY 2025-26: 500 x 10 x 7984x 12 months = Rs.4790.4 lakhs Budget Proposed-50% of total cost- Rs.2395.20 lakhs NB:As per the state govt. Notification Yoga instructors are paid Rs.500 for facilitating one yoga session including travel cost, against the Gol norm of Rs. 250; this incentive includes travel expenses borne by the instructor as one instructor has to travel on an avg. 30 KMs to reach the facility. in addition getting yoga teachers in interior rural belts with low incentive is a real challenge.

73.13	Vehicle Allowance	Per Annum/ Per person	12000	0.12	13	1.56	13	1.56	Ongoing Activity Proposal as per Gol norms: 2 wheeler for STS/ STLS/ Dist. PMDT & TBHIV Coordinator/ PPM Coordinator Justification: Replacement of 301 nos of vehicle is required as the vehicles have completed more than 6 years and covered more than 100000 Km./vehicles have become off-road. Changes made as per States decision: Justification for providing vehicle allowances instead of purchase of new vehicle for field staff (NTEP): As per Gol guidelines, used vehicles can be changed on completion of every 6 years term or running more than 1,00,000 KMs. As State is finding difficulty in maintenance of vehicles and condemnation/ disposal of old vehicles, following proposal has been placed for consideration. Providing Vehicle Allowance to Staff : Plan is to provide Rs.1000/- PM as vehicle allowances to concerned staff if s/he is using its own vehicle for field monitoring for recommended no of days as per the ToR and submit filed visit report to all concerned as per guidelines. This will be exclusive of POL cost claimed for field visits as per Society norms. Justification for arriving the cost norms for vehicle allowance: A new vehicle (Two Wheeler) is costing about Rs.70,000/- inclusive of all taxes etc. The age of vehicle for use is about 6 years as per Gol guidelines. So annual expenditure on the head is about Rs.12,000/- (Rs.70,000/ 6=11,666). Hence, as per the calculation, Rs.1000/- can be given spent on the head. Coverage: The provision will be applicable for those 293 Staff who has no vehicle / vehicle attained the age for condemnation. The same provision will be extended to others gradually.

195.4.2	Field validation of Data (Inter blocks)	Per block	2000	0.02	12	0.24	12	0.24	New Activity This initiative proposes that all the blocks within a district will conduct cross validation of data of another block of the same district on annual basis. Target for 2024-25: 314 blocks Target for 2025-26: 314 blocks Detail proposals in HSS writup Annexure
196	Implementation of DVDMS					1.19		0.19	Status: DVDMS (e-Niramaya) is implemented at DHH, SDH,CHC and PHCs across the State. This year it will expanded to SC level. Fund Source - State Budget.
196.1	Strengthening supply chain management at SHC HWC								Budget Shifted from HSS-1_CPHC- SI.No. 150 as per NPCC Recommendation New Activity Its proposed to strengthen supply chain management at SHC HWC across state by creating login credentials of SHC HWCs in DVDMS, training CHOs on forecasting & indenting through e-Niramaya & supporting in transportation of drugs & logistics. The transportation cost to the CHOs under this initiative is proposed under HSS-7 (SI-180: free drug initiatives). Only training cost is proposed under CPHC.
196.1.1	Training of CHOs on e-Niramay(DVDMS)	Per CHO	500	0.01	238	1.19	37	0.19	
196.1.2	3 day District level training of Pharmacists on inventory management of drugs, drug distribution, compilation of prescription audit	30/ batch	76000	0.76		0.00	0		Budget Shifted from HSS-7_SI.No. 180 Justification: Unlike available training modules for paramedical staff, there is no systematic training for pharmacist. Though pharmacists deal with critical component of inventory management of drugs, drug distribution, compilation of prescription audit etc.They are also involved in day to day petty maintenance of equipments. So there is a need of updation of their knowledge on present practices for effective service delivery. DVDMS Refresher training required. State load:1126 person (851 Pharmacists +275 DDC) Proposed for 2021-22: 1126 person (40 batches @30/batch) Proposal for 2025-26: 40 batches
