30.2	Transportation cost for HIV testing of Exposed Babies (Below 18 months)	Per Case	1,000	0.01	0	0.00	0	0.00	Ongoing Activity Transportation cost for HIV testing of Exposed Babies (Below 18 months) Justification Activity is proposed for testing HIV exposed children for HIV for at least 4 times during 2 years of age at ICTC at defined intervals. Expected exposed babies is estimated as 90% of identified HIV PW during 2022-24. A total of 684 PW were identified as HIV positive, so the estimated HIV exposed babies is estimated at 90% of 684 = 616 babies. It is thus proposed to provide transportation cost of Rs.1000/- per baby for HIV testing at ICTC at the age of 45 days , 6 month, 1 year and 18 month. As 108 ambulances are used only for transportation of critical cases and also it doesn't have a drop back service, it is proposed to give additional transportation cost to these babies for ensuring HIV testing. Budget: Rs1000 per baby x 616 exposed babies = Rs.6.16 Lakhs per annum

For capturing above data NCD screening register is highly required for following reasons 1. It is the mandate of GoI to maintain register. 2. For line listing & follow up of the patients up to down the line. 3. Periodic Distribution of medicine/drugs under free drugs distribution of Diabetes and HTN drugs. 4. Proper & correct monthly reporting. 5. Proper Supervision & Monitoring of common NCDs.ASHA of respective village will monitor periodically at least twice a year. In this context state also providing incentive to ASHA in a package manner. 6. Validation of NCD reportings.The MO portal entry is in initial stage so it is essential to capture the data in black and white. 7. 73.13	Vehicle Allowance	Per Annum/ Per person	12000	0.12	0	0.00	0	0.00	Ongoing Activity Proposal as per GoI norms: 2 wheeler for STS/ STLS/ Dist. PMDT & TBHIV Coordinator/ PPM Coordinator Justification: Replacement of 301 nos of vehicle is required as the vehicles have completed more than 6 years and covered more than 100000 Km./vehicles have become off-road. Changes made as per States decision: Justification for providing vehicle allowances instead of purchase of new vehicle for field staff (NTEP): As per GoI guidelines, used vehicles can be changed on completion of every 6 years term or running more than 1,00,000 KMs. As State is finding difficulty in maintenance of vehicles and condemnation/ disposal of old vehicles, following proposal has been placed for consideration. Providing Vehicle Allowance to Staff : Plan is to provide Rs.1000/- PM as vehicle allowances to concerned staff if s/he is using its own vehicle for field monitoring for recommended no of days as per the ToR and submit filed visit report to all concerned as per guidelines. This will be exclusive of POL cost claimed for field visits as per Society norms. Justification for arriving the cost norms for vehicle allowance: A new vehicle (Two Wheeler) is costing about Rs.70,000/- inclusive of all taxes etc. The age of vehicle for use is about 6 years as per GoI guidelines. So annual expenditure on the head is about Rs.12,000/- (Rs.70,000/ 6=11,666). Hence, as per the calculation, Rs.1000/- can be given spent on the head. Coverage: The provision will be applicable for those 293 Staff who has no vehicle / vehicle attained the age for condemnation. The same provision will be extended to others gradually.
